

# Hunkering Down

I'm hunkering down  
I'm hunkering down  
Just taking it easy  
In my pink nightgown

A fire in the fireplace  
A cup of hot tea  
Hanging out with my best friends  
Myself, I and Me

I might read a novel  
I might cook some soup  
Might play my guitar  
Or practice my flute

The bird feeders filled now  
The cupboards filled too  
Got Tylenol Mucinex  
And stuff for the flu  
What else can I do?

I'm staying home now  
Like they said we should do  
I'm taking this seriously  
I hope you are too
